Deputy Executive

7 February 1949

Office of the General Counsel

Approval to Purchase Motor Vehicles for Cyprus Station

1. The memorandum for the Deputy Executive from Services Officer dated 14 January 1949, with enclosures from the Assistant Director for Operations dated 28 December 1948, has been reviewed.

2. Since there appears to be adequate justification for the purchase of a station wagon for operational needs, this request can properly be submitted to the Director for approval.
